## **Preface/v**

- 1 Structural Materials, Specifications, and Testing / 1**
- 2 Structural Analysis and Design—General / 15**
- 3 One-way Reinforced Concrete Slabs / 37**
- 4 One-way Joist Systems / 56**
- 5 Two-way Solid Flat Plate Design / 79**
- 6 Two-way Solid Flat Slab Design / 145**
- 7 Two-way (Waffle) Flat Slab Design / 190**
- 8 Two-way Slab-Beam Design / 218**
- 9 Beams and Girders / 231**
- 10 Columns / 280**
- 11 Walls / 347**
- 12 Footings / 359**
- 13 Splices and Details of Reinforcement / 380**
- 14 Prestressed Concrete / 418**
- 15 Structural Lightweight Aggregate Concrete / 449**
- 16 Field Inspection and Construction / 453**
- 17 Strength Evaluation of Existing Structures / 458**
- Subject Index / 465**
- Commentary Index / 471**
- Section Index / 473**
