

(iv)

CONTENTS

PART I INTRODUCTION

Chapter 1	Introduction	3
-----------	--------------	---

PART II IMPURITIES PRESENT IN WATER AND THEIR EFFECTS ON INDUSTRIAL USES

Chapter 2	Acidity	7
Chapter 3	Alkalinity	8
Chapter 4	Aluminium	9
Chapter 5	Bicarbonates & Carbonates	10
Chapter 6	Calcium	12
Chapter 7	Carbon dioxide	14
Chapter 8	Chloride	16
Chapter 9	Chlorine	18
Chapter 10	Chromium	19
Chapter 11	Color	20
Chapter 12	Copper	21
Chapter 13	Cyanide	22
Chapter 14	Fluoride	23
Chapter 15	Hardness (Total)	24
Chapter 16	Hydrazine	29
Chapter 17	Hydrogen Sulfide	30
Chapter 18	Iron	32
Chapter 19	Lead	35
Chapter 20	Magnesium	36
Chapter 21	Manganese	38
Chapter 22	Mercury	40
Chapter 23	Nickel	41

Chapter 24	Nitrate	42
Chapter 25	Nitrite	43
Chapter 26	Nitrogen (Ammonia & Organic)	44
Chapter 27	Oil and Grease	45
Chapter 28	Organic matter	46
Chapter 29	Oxygen (Dissolved)	47
Chapter 30	Phenols	49
Chapter 31	Phosphates	50
Chapter 32	pH value	51
Chapter 33	Potassium	53
Chapter 34	Silica	54
Chapter 35	Sodium	56
Chapter 36	Solids (Dissolved)	57
Chapter 37	Solids (Suspended)	59
Chapter 38	Sulfate	60
Chapter 39	Sulfite	62
Chapter 40	Surface Active Agents (Surfactants)	63
Chapter 41	Turbidity	65
Chapter 42	Zinc	67
Chapter 43	Other Elements (Arsenic, Cadmium & Selenium)	68
Chapter 44	Other Important Parameters	70
	– Electrical Conductivity	70
	– Langelier Saturation Index	70
	– Equivalent Mineral Acidity	72
	– Silt Density Index	72
Chapter 45	Micro-organisms	73
	– Bacteria	73
	– Fungi	76
	– Algae	76

PART III INDUSTRIAL WATERS AND THEIR QUALITY REQUIREMENTS

Chapter 46	Boiler Water Requirements	79
Chapter 47	Cooling Water Requirements	88
Chapter 48	Air Conditioning	91
Chapter 49	Aluminium Industry	94
Chapter 50	Automotive Industry	95
Chapter 51	Bakery	99
Chapter 52	Beverage Production	101
Chapter 53	Bottle / Utensil / Food Equipment Washing	103
Chapter 54	Brewery	104
Chapter 55	Carbon Black Industry	112
Chapter 56	Ceramic Industry	113
Chapter 57	Chemical Industries	114
Chapter 58	Cider Making	116
Chapter 59	Confectionary	117
Chapter 60	Copper Industry	118
Chapter 61	Dairy	119
Chapter 62	Distillery	121
Chapter 63	Edible Oil Refinery	123
Chapter 64	Electronics Industry	124
Chapter 65	Electro Plating and Metal Finishing	127
Chapter 66	Fermentation Industries	129
Chapter 67	Fertilizer Industry	131
Chapter 68	Food Industry	133
	— Food Processing	133
	— Food Canning	135
Chapter 69	Humidification	137

Chapter 70	Ice Manufacture	138
Chapter 71	Laundry	139
Chapter 72	Malt Preparation	140
Chapter 73	Meat Packing	141
Chapter 74	Mining	142
Chapter 75	Nuclear Power Plants	143
Chapter 76	Oil Well Flooding	147
Chapter 77	Petro Chemical Industry	149
Chapter 78	Pharmaceutical Industry	150
	– Purified Water	151
	– Water for Injection	153
	– Water for Hemodialysis	154
Chapter 79	Pulp & Paper Industry	156
Chapter 80	Rayon Manufacture	160
Chapter 81	Silk Reeling & Processing	163
Chapter 82	Soap Manufacture	167
Chapter 83	Soft Drinks Manufacture	168
Chapter 84	Starch Manufacture	170
Chapter 85	Steel Industry	171
Chapter 86	Sugar Industry	175
	– Cane Sugar Industry	175
	– Beet Sugar Industry	177
Chapter 87	Synthetic Resins (Plastics) and Other Polymers Manufacture	178
Chapter 88	Synthetic Rubber Industry	181
Chapter 89	Tannery	182
Chapter 90	Textile Processing (Cotton & Synthetic Textiles)	186
Chapter 91	Thermal Power Plants	196
Chapter 92	Wool Scouring & Processing	200

Chapter 93	Miscellaneous Industrial Uses	204
	– Citrus Fruit Industry	204
	– Corn Products Manufacture	204
	– Dextrose Manufacture	204
	– Glue Manufacture	204
	– Industrial Coolants	204
	– Silver Plating of Glass	205
	– Television Picture Tube Manufacture	205
	– Yeast Manufacture	205

Chapter 94	Ultra – pure Water	206
------------	--------------------	-----

PART IV DRINKING AND IRRIGATION WATER

Chapter 95	Drinking Water	211
------------	----------------	-----

Chapter 96	Irrigation Water	221
------------	------------------	-----

PART V IMPURITIES PRESENT IN WATER AND THEIR EFFECTS ON WATER TREATMENT SYSTEMS

Chapter 97	Impurities Present in Water and their effects on Water Treatment Systems	227
	– Ion Exchange Systems	227
	– Reverse Osmosis Systems	230

APPENDIX	235
