Prefaces	5
List of Illustrations	9
List of Tables	13
List of Formulas	15
I General Principles of Sewerage	19
II Soil Sewerage	35
III Surface-water Sewerage	58
IV Surcharged Sewers and Siphons	105
V Pumping	117
VI The Sewerage of Coastal Towns	148
VII Construction of Sewers	170
VIII Manholes	189
IX Flushing and Ventilation of Sewers, Lateral Connections	211
X Drainage	216
XI Chemistry of Sewage	233
XII Sewage-works Layout and Pipe-work	261
XIII Preliminary Treatment	275
XIV Separation and Treatment of Storm-water	291
XV Sedimentation	299
XVI Treatment and Disposal of Sewage Sludge	319
XVII Land Treatment	356
XVIII Percolating Filter Treatment	359
XIX Activated Sludge Treatment	392
XX Treatment of Trade Wastes	414
XXI Disposal of Sewage from Isolated Buildings	421
XXII Specification	439
Bibliography	468
Index	476
