

## CONTENTS

		Page
1.	Introduction	1
	1.1 Need for Maintenance	1
	1.2 Objectives and Scope of Manual	1
2.	Basic Policies	3
	2.1 Objectives of Maintenance	3
	2.2 Recommended Policy Code for Sewer Departments	4
3.	The Maintenance Organization	5
	3.1 Large Cities	5
	3.2 Medium-Sized Cities	8
	3.3 Small Cities and Towns	9
4.	Records and Permits	10
	4.1 Sewer Maps	10
	4.2 Sewer Extensions	11
	4.3 Building Connection Permits	11
	4.4 Sewer Maintenance Records	13
	4.5 Pumping Station Records	13
5.	Equipment	16
	5.1 Yards and Shops	16
	5.2 Basic Mobile Equipment	19
	5.3 Special Mobile Equipment	22
	5.4 Portable Equipment	25
	5.5 Suggested Equipment for Smaller municipalities	27
6.	Preventive Sewer Maintenance	29
	6.1 Frequency Schedules	29
	6.2 Inspections	29
	6.3 Types of Stoppages	30
	6.4 Procedure for Handling Stoppages	30
	6.5 Procedure for Correcting Stoppages	31
	6.6 Rods and Appurtenances	32
	6.7 Chemical Dosing and Control	35
	6.8 Closed-Circuit Television and Photography	36
7.	Minor Sewer Repairs	37
	7.1 Causes of Failure	37
8.	Wastewater Pumping Stations	40
	8.1 Mechanical Failure	40
	8.2 Electrical Failure	41
	8.3 Clogging Problems	41
	8.4 Pneumatic Ejectors	42
	8.5 Centrifugal Pumps	42
	8.6 General	43
9.	Safety Measure and Practices	44
	9.1 Definition of Safety	44
	9.2 Safety Policy and Procedure	44
	9.3 Specific Hazards	45

9.4	Preventive Measures	45
10.	Public Relations	47
10.1	Telephone Contact	47
10.2	Personal Contact	47
10.3	Construction Contact	49
10.4	Handling Flood Calls	50
10.5	Driving Habits	50
11.	Design Considerations	51
11.1	Organization	51
11.2	Specific Problems	51
12.	References	54
13.	Additional References	55
