

## C O N T E N T S

### Preface

### SESSION I - PASTEURIZATION AND OTHER HIGH TEMPERATURE TREATMENTS

- Experience with aerobic, thermophilic disinfection of sewage sludge, at the Wartau sewage treatment plant, and with pre-pasteurization, at the St. Gallen-Hofen works, in Switzerland  
H.P. ZWIEFELHOFER, UTB Umwelttechnik Buchs AG, Buchs, Switzerland 3
- Sludge hygienization by means of pasteurization prior to digestion  
R.P.L. CLEMENTS, New Ventures, Messrs. Sulzer Bros. Ltd., Winterthur, Switzerland 37
- Experiences and development of sludge pasteurization in Altenrhein  
U. KELLER, Abwasserverband, Altenrhein, Switzerland 53
- Raw sludge pasteurization  
R. BERGER, ALPHA Ltd., Nidau, Switzerland 68
- Simultaneous pasteurization and digestion of sludge (SPD process)  
H.J. BRAUN, G. KUGEL, E. ZINGLER, Niersverband, Viersen, Federal Republic of Germany 77
- Submerged combustion for pasteurization of sludge before digestion  
R.J. KIDSON, D.L. MORRIS, D.L. RAY and W.M. WAITE, Severn Trent Water Authority, Shrewsbury, United Kingdom 94
- The fate of viruses during sludge stabilization, especially during thermophilic digestion  
E. LUND, B. LYDHOLM and A.L. NIELSEN, The Royal Veterinary and Agricultural University of Copenhagen, Denmark 114

## SESSION II - OTHER PROCEDURES FOR DISINFECTION OF SLUDGE

Qualitative and economic criteria for sewage sludge use in agriculture G. CATROUX, Laboratoire de Microbiologie des Sols, INRA, Dijon, France	127
Composting : technical and economic aspects B.C. PARENT, Société Triga, France	139
Hygienic aspects of the composting process D. STRAUCH, Institute for Animal Medicine and Animal Hygiene, University of Hohenheim, Stuttgart, Federal Republic of Germany	150
Health implications in sewage sludge composting M. DE BERTOLDI, Università di Pisa, S. COPPOLA, Università di Napoli, L. SPINOSA, Istituto di Ricerca sulle Acque del CNR, Bari, Italy	165
Technical and economic aspects of irradiation A. SUESS, T. LESSEL and A. HAISCH, Bayerische Landesanstalt für Bodenkultur und Pflanzenbau, München, and Abwasserverband Ampergruppe, Geiselbullach, Federal Republic of Germany	179
Irradiation : microbiological aspects D. ALEXANDRE, Commissariat à l'Energie Atomique, CEN-Cadarache, France	191
Thermal sewage sludge drying by application of vapour compression F.J. WYSS, Gebrüder Bühler AG, Uzwil, Switzerland	206
Long-term storage of sewage sludge E.B. PIKE, Water Research Centre, Stevenage, United Kingdom	212
Quicklime treatment of sludge V. TULLANDER, Swedish National Environmental Protection Board, Solna, Sweden	226
Discussion	234
LIST OF PARTICIPANTS	237
INDEX OF AUTHORS	
ANNEXE 1: Summary report of the Symposium - Hygienic aspects related to treatment and use of sewage sludge	
ANNEXE 2: Disinfection of sewage sludge - An enquiry among Member Countries of the EEC and some other countries A. H. HAVELAAR, Rijksinstituut voor de Volksgezondheid, Bilthoven, The Netherlands A. M. BRUCE, Water Research Centre, Stevenage, United Kingdom
