

## CONTENTS

		Page
1.	The Emergence of High-Technology Resource Recovery	1
2.	The Nashville Thermal Transfer Corporation	7
	Background Information	8
	Facility Expectations and Initial Design	9
	Initial Funding	11
	Project Operation	14
	Current Status	18
	Evaluation	19
3.	The Union Electric Solid Waste Utilization System	23
	St. Louis Demonstration Plant	24
	The Union Electric Proposal	25
	In Bi-State's Hands	29
	Evaluation	32
4.	The Baltimore City Pyrolysis Demonstration	35
	Background Information	36
	Facility Design and Expectations	37
	Operational History	39
	Evaluation	42
5.	The Lowell Resource Recovery Project	47
	Initial Facility Design and Economics	48
	Project Development	52
	Evaluation	57
6.	The San Diego Flash Pyrolysis Project	61
	Background Information	62
	Facility Expectations	64
	Facility Description	66
	Shakedown and Operational Experiences	71
	Flash Pyrolysis Demonstration Evaluation	79
7.	Conclusion	87
	Common Denominators Influencing Facility Success	87
	Changes in Resources Recovery Planning	90
	Concluding Remarks	91
	Index	93
