1. INTRODUCTION . . . . .	1
1.1 Background and Objectives . . . . .	1
1.2 Organization of the Handbook . . . . .	2
2. REMEDIAL ACTION SELECTION PROCESS . . . . .	5
2.1 Remedial Investigation/Feasibility Study Process . . . . .	5
2.2 Remedial Action Selection Process (Feasibility Study) . . . . .	7
2.2.1 Proposed Response Action Identification . . . . .	7
2.2.2 Technology Screening . . . . .	7
Site Characteristics . . . . .	7
Waste Characteristics . . . . .	11
Technology Limitations . . . . .	11
2.2.3 Development of Remedial Action Alternatives . . . . .	12
2.2.4 Screening and Detailed Evaluation of Remedial Action Alternatives . . . . .	12
2.2.4.1 Technical Considerations . . . . .	13
a. Performance . . . . .	13
b. Reliability . . . . .	13
c. Implementability . . . . .	14
d. Safety . . . . .	14
2.2.4.2 Institutional Concerns . . . . .	14
2.2.4.3 Public Health Concerns . . . . .	15
2.2.4.4 Environmental Concerns . . . . .	15
2.2.4.5 Costs . . . . .	15
2.2.5 Remedial Alternative Selection . . . . .	17
