|----------|--|-----------|
| <b>1</b> | <b>Introduction</b> . . . . .                                      | <b>1</b>  |
| 1.1      | The Environmental Challenge . . . . .                              |           |
| 1.2      | Industrial Pollution Problems . . . . .                            | 2         |
| 1.3      | Environmental Management Strategies . . . . .                      | 9         |
| 1.4      | Purpose . . . . .  | 12        |
| <b>2</b> | <b>Industrial Pollution Prevention</b> . . . . .                   | <b>15</b> |
| 2.1      | What is Pollution? . . . . .                                       | 16        |
| 2.2      | What is Pollution Prevention? . . . . .                            | 17        |
| 2.3      | Benefits of Pollution Prevention . . . . .                         | 19        |
| 2.4      | The U.S. Pollution Prevention Program . . . . .                    | 22        |
| 2.5      | USEPA's Pollution Prevention Research Program . . . . .            | 32        |
| 2.6      | Education and Training . . . . .                                   | 33        |
| <b>3</b> | <b>Toxic Chemicals and Processes Wastes</b> . . . . .              | <b>37</b> |
| 3.1      | Industrial Processes . . . . .                                     | 38        |
| 3.2      | Industrial Wastes . . . . .  | 40        |
| 3.3      | Waste Characterization . . . . .                                   | 44        |
| 3.4      | Toxic Chemicals . . . . .  | 45        |
| 3.5      | Legislation and Regulation . . . . .                               | 50        |
| <b>4</b> | <b>Pollution Prevention Technology</b> . . . . .                   | <b>59</b> |
| 4.1      | Improved Plant Operations . . . . .                                | 59        |
| 4.2      | In-Process Recycling . . . . .                                     | 63        |
| 4.3      | Process Modification . . . . .                                     | 64        |
| 4.4      | Materials and Product Substitutions . . . . .                      | 65        |
| 4.5      | Materials Separation . . . . .                                     | 67        |
| 4.6      | Technology Update . . . . .  | 70        |
| 4.7      | Solvent Alternative Technologies . . . . .                         | 73        |
| 4.8      | Risk Assessment . . . . .  | 74        |
| <b>5</b> | <b>Environmental Management Audit</b> . . . . .                    | <b>83</b> |
| 5.1      | Why Audit? . . . . .   | 83        |
| 5.2      | Why Waste is Generated? . . . . .                                  | 84        |
| 5.3      | Environmental Management Audit . . . . .                           | 87        |
| 5.4      | Facility Environmental Auditing . . . . .                          | 91        |
| 5.5      | Development and Implementation of Environmental Auditing . . . . . | 93        |

|           |  |            |
|-----------|--|------------|
| <b>6</b>  | <b>Pollution Prevention Feasibility Analyses</b>         | <b>97</b>  |
| 6.1       | Technical Feasibility Analysis . . . . .                 | 98         |
| 6.2       | Environmental Feasibility Analysis . . . . .             | 98         |
| 6.3       | Economic Feasibility Analysis . . . . .                  | 99         |
| 6.4       | Institutional Feasibility Analysis . . . . .             | 103        |
| <b>7</b>  | <b>Industrial Facility Pollution Prevention Plan</b>     | <b>105</b> |
| 7.1       | Organizing a Pollution Prevention Team . . . . .         | 105        |
| 7.2       | Establishing Goals . . . . .                             | 106        |
| 7.3       | Data Collecting and Analyzing . . . . .                  | 107        |
| 7.4       | Identifying Pollution Prevention Opportunities           | 112        |
| 7.5       | Employee Awareness and Involvement . . . . .             | 117        |
| 7.6       | Education and Training . . . . .                         | 118        |
| 7.7       | Proposing a Pollution Prevention Plan . . . . .          | 119        |
| <b>8</b>  | <b>Implementation of Pollution Prevention Plan</b>       | <b>121</b> |
| 8.1       | Understanding Processes and Wastes . . . . .             | 121        |
| 8.2       | Selecting Projects . . . . .                             | 128        |
| 8.3       | Obtaining Funding . . . . .                              | 130        |
| 8.4       | Engineering Implementation . . . . .                     | 131        |
| 8.5       | Reviewing and Revising Projects . . . . .                | 132        |
| <b>9</b>  | <b>Measuring Pollution Prevention Progress . . . . .</b> | <b>135</b> |
| 9.1       | Purpose . . . . .  | 136        |
| 9.2       | Data Acquisition . . . . .                               | 136        |
| 9.3       | Data Analysis . . . . .                                  | 138        |
| 9.4       | Measure Progress of Pollution Prevention Programs        | 139        |
| <b>10</b> | <b>Designing Environmentally Compatible Products</b>     | <b>143</b> |
| 10.1      | Product Life-Cycle Assessment . . . . .                  | 143        |
| 10.2      | Product Life-Cycle Design . . . . .                      | 154        |
| 10.3      | Product Life-Cycle Cost Analysis . . . . .               | 158        |
| <b>11</b> | <b>Environmental Labeling . . . . .</b>                  | <b>163</b> |
| 11.1      | Environmental Marketing . . . . .                        | 164        |
| 11.2      | Environmental Certification Programs (ECPs)              | 166        |
| 11.3      | Methodologies and Processes . . . . .                    | 171        |
| 11.4      | Selected Environmental Labeling Programs . . . . .       | 172        |
| 11.5      | Effectiveness of ECPs . . . . .                          | 176        |
| 11.6      | Labelling Through Life Cycle Assessment . . . . .        | 177        |
| 11.7      | Government Procurement . . . . .                         | 178        |
| <b>12</b> | <b>The Role of Corporate Management</b>                  | <b>183</b> |
| 12.1      | Environmental Responsibility . . . . .                   | 184        |
| 12.2      | Environmental Programs . . . . .                         | 186        |
| 12.3      | Sustainable Development . . . . .                        | 188        |
