

## CONTENTS

### NUCLEAR TECHNIQUES AND POLLUTION STUDIES

Isotopic techniques in the study and control of environmental pollution (IAEA-SM-142a/1, Invited paper) .....	3
W.E. Mott	
Discussion .....	45
An on-line computer system for instrumental activation analysis of air, water and soil (IAEA-SM-142a/2) .....	47
L. Salmon and M.G. Creevy	
Discussion .....	60
Expériences de traceurs réalisées en France dans le cadre d'études sur la pollution thermique des cours d'eau (IAEA-SM-142a/41, Invited paper) .....	63
J. Guizerix, R. Gras, R. Margrita, J. Molinari, P. Calmels, B. Gaillard et H. Santos-Cottin	
Discussion .....	79
Limitations and needs for nuclear techniques in environmental control (IAEA-SM-142a/34) .....	81
J.G. Terrill, Jr.	
Discussion .....	88
Standard reference materials for the analysis of environmental samples (IAEA-SM-142a/55) .....	91
W.F. Marlow and P.D. LaFleur	
Discussion .....	94
Методы и приборы, используемые в СССР для определения радиоактивности окружающей среды (IAEA-SM-142a/56, Invited paper) .....	95
Л. В. Артеменкова	
Автоматическая дистанционная система регистрации гамма-излучения (IAEA-SM-142a/3) .....	
А. П. Воронин, А. Н. Климов и Б. В. Немировский	

### MEASUREMENT OF AIR POLLUTANTS AND THEIR DISPERSIONS

Neutron activation analysis of trace elements in airborne particulates (IAEA-SM-142a/4) .....	
R.F. Tuttle, J.R. Vogt and T.F. Parkinson	
Discussion .....	
Quantitative relationships among trace elements over industrialized N.W. Indiana (IAEA-SM-142a/5) .....	
R. Dams, J.A. Robbins, K.A. Rahn and J.W. Winchester	
Discussion .....	

Use of activation analysis to determine the chemical composition and origin of particulates collected in the marine atmosphere (IAEA-SM-142a/6) .....	159
P.E. Wilkniss and R.E. Larson	
Discussion .....	168
Radioactivation analysis for the determination of trace elements in air pollutants (IAEA-SM-142a/7) .....	169
S. Bando, Y. Yamane and Y. Murakami	
Discussion .....	181
The isotope separator as a tool for low-level radioassay and trace activation analysis (IAEA-SM-142a/8) .....	
L.A. Currie and J.R. DeVoe	
Discussion .....	
Determination of sulphur dioxide in ambient air by non-dispersive X-ray fluorescence (IAEA-SM-142a/9) .....	
J. Hardin and B. Shleien	
Discussion .....	
Détection et mesure de traces de gaz à l'aide d'un détecteur à hélium métastable (IAEA-SM-142a/10) .....	203
M. Lutz	
Analysis of sulphur compounds of industrial combustion gases by means of an electron capture-type detector (IAEA-SM-142a/11) ..	
J. Lasa, A. Korus and Maria Kilaraska	
Discussion .....	
Simultaneous use of isotope ratio tracer and sulphur hexafluoride as a dual-tracer system for sulphur oxides in the atmosphere (IAEA-SM-142a/12) .....	223
B. Manowitz, M. Smith, L. Newman, M. Steinberg, W. Tucker, J. Forrest and L. Cohen	
Discussion .....	
Use of argon-41 to study the dispersion of stack effluents (IAEA-SM-142a/13) .....	241
P.J. Barry	
Discussion .....	253
Some nuclear techniques for atmospheric dilution and dispersion studies (IAEA-SM-142a/14) .....	257
J.M. Nielsen and N.A. Wogman	
Discussion .....	264
Utilisation des traceurs activables dans l'étude de la diffusion des polluants atmosphériques: Applications industrielles (IAEA-SM-142a/15) .....	267
P. Guerin, J. Hugon, R. Le Quinio, R. Rzekiecki, F. Santelli et R. Sarteur	
Discussion .....	281
Air pollution studies by means of inactive indium tracer and activation analysis (IAEA-SM-142a/16) .....	283
J.B. Dahl, E. Steinnes and J. Thomassen	
Discussion .....	295
Use of radionuclides to evaluate the transport of pollutants from the hydrosphere into the atmosphere (IAEA-SM-142a/17) .....	297
P.E. Wilkniss and D.J. Bressan	
Discussion .....	306

## IDENTIFICATION AND ANALYSIS OF WATER POLLUTANTS

A semi-automatic method of neutron activation analysis with application to environmental studies (IAEA-SM-142a/18) . . . . .	311
D.N. Edgington and H.F. Lucas, Jr.	
Discussion . . . . .	321
A comprehensive program in neutron activation analysis in water quality (IAEA-SM-142a/19) . . . . .	
L.L. Thatcher and J.O. Johnson	
Discussion . . . . .	328
Neutron activation analysis of the aquatic environment in the Danube (IAEA-SM-142a/20) . . . . .	330
R. Drašković, T. Tasovac and R. Radosavljević	
Discussion . . . . .	334
Feasibility of radioisotope X-ray fluorescence analysis for measuring water pollution by metals (IAEA-SM-142a/21) . . . . .	335
T. Florkowski, B. Hołyńska and J. Niewodniczański	
Discussion . . . . .	343
The trace element characterization of crude oils and fuel oils via instrumental neutron activation analysis (IAEA-SM-142a/53) . . . . .	347
V.P. Guinn, D.E. Bryan and H.R. Lukens	
Discussion . . . . .	
Use of radionuclides for tracing the origin of marine oil pollution (IAEA-SM-142a/54) . . . . .	361
S. Carlsson, K. Lidén, R. Bertil and R. Persson	
Discussion . . . . .	369

## ENVIRONMENTAL CONTAMINATION OF MERCURY AND OTHER METALLIC COMPOUNDS

Activation analysis of mercury and other environmental pollutants in water and aquatic ecosystems (IAEA-SM-142a/22) . . . . .	373
K. Ljunggren, B. Sjöstrand, A.G. Johnels, M. Olsson, G. Otterlind and T. Westermarck	
Discussion . . . . .	403
A hierarchy of models for the behaviour of mercury in the ecosystem (IAEA-SM-142a/23) . . . . .	407
P. Reiniger, M.J. Frissel, P. Poelstra and H. Beek	
Discussion . . . . .	414
A neutron activation study of environmental contamination and distribution of mercury in animals and fish (IAEA-SM-142a/24) . . . . .	415
A.R. Byrne, M. Dermelj and L. Kosta	
Discussion . . . . .	426
Study of mercury and iodine distribution in Norwegian forest soils by neutron activation analysis (IAEA-SM-142a/25) . . . . .	429
J. Låg and E. Steinnes	
Discussion . . . . .	437
Investigation of mercury-pollutant interaction with humic acids by means of radiotracers (IAEA-SM-142a/26) . . . . .	439
P. Strohal and D. Huljev	
Discussion . . . . .	446

Trends in the concentration of heavy metals in organisms of a mesotrophic lake as determined by activation analysis (IAEA-SM-142a/27) .....	447
Margaret Merlini, Carla Bigliocca, A. Berg and G. Pozzi	
Discussion .....	458
Nuclear analytical methods and systems for the measurement of trace constituents in the environment (IAEA-SM-142a/28) ...	
R.E. Wainerdi, L.E. Fite and W.E. Kuykendall	
Discussion .....	479

## MOVEMENT OF POLLUTANTS IN WATER AND SOIL

Concentration dynamics in a lake with a water current flowing through it (IAEA-SM-142a/29) .....	483
C. Gilath and Z. Stuhl	
Discussion .....	496
Radiocarbon measurements of organic pollutants of the Rhine (IAEA-SM-142a/30) .....	497
W. Kölle	
Discussion .....	506
Mise en évidence de la rétention des éléments polluants par les végétaux au moyen de l'analyse par activation neutronique: Application à quelques éléments issus des traitements pesticides et des fumées industrielles (IAEA-SM-142a/31) .....	507
A. Fourcy, A. Fer, J.-P. Garrec et M. Neuburger	
Discussion .....	518
Studies of atmospheric wash-out and deposition of $\gamma$ -BHC, dieldrin and p-p DDT using radio-labelled pesticides (IAEA-SM-142a/32) .....	521
D.H.F. Atkins and A.E.J. Eggleton	
Discussion .....	
Recent results on the fate of technical chemicals in the environment on the example of pesticides (IAEA-SM-142a/33) .....	
F. Korte and W. Klein	
Discussion .....	548
Etude et délimitation de l'évolution de la pollution dans les sols non saturés (IAEA-SM-142a/36) .....	551
D. Raçon	
Discussion .....	

## TRACER TECHNIQUES IN COASTAL POLLUTION STUDIES

Tracer engineering in coastal pollution control (IAEA-SM-142a/37, Invited paper) .....	567
J.Aa. Hansen	
Discussion .....	581

Méthodes de traceur pour la détermination a priori de la propagation de substances polluantes dans le reseau hydrographique et a posteriori pour la localisation d'un point de rejet inconnu (IAEA-SM-142a/38) .....	583
J. Guizerix, Y. Emsellem, P. Corompt, R. Margrita, F. de Marsilly, B. Gaillard, F. Rigot Muller, W. Kaufman et J. Max	
Discussion .....	601
A survey system for use in tracing radionuclide-tagged sediment in the marine environment (IAEA-SM-142a/39) .....	603
F.N. Case, E.H. Acree and H.R. Brashear	
Discussion .....	627
Experience gained from the controlled introduction of liquid radioactive waste to coastal waters (IAEA-SM-142a/40) .....	629
A. Preston, D.F. Jefferies and N.T. Mitchell	
Discussion .....	
Predetermining trapping of sewage in stratified receiving waters (IAEA-SM-142a/42) .....	
J.Aa. Hansen	
Discussion .....	661
Water pollution studies by means of inactive indium tracer and activation analysis (IAEA-SM-142a/43) .....	663
J.B. Dahl, U.H. Haagensen, J. Thomassen and O. Tollan	
Discussion .....	671
Radioisotope tracer techniques in the investigation of dispersion of sewage and disappearance rate of enteric organisms in coastal waters (IAEA-SM-142a/44) .....	673
C. Gilath, S. Blit, Y. Yoshpe-Purer and H.I. Shuval	
Discussion .....	689

## NUCLEAR TECHNIQUES AND ECOSYSTEMS

Tracer kinetics in total ecosystems: A systems analysis approach (IAEA-SM-142a/45) .....	693
R.V. O'Neill	
Discussion .....	703
Automisation de chaînes de mesures de radioactivité sur échantillons biologiques (IAEA-SM-142a/46) .....	707
L. Farges	
Discussion .....	719
A radiotracer technique for the study in vivo of the biological pathway of heavy metals in aquatic organisms (IAEA-SM-142a/47) .....	721
F. Girardi, Margaret Merlini, Carla Bigliocca, G. Pozzi and A. Berg	
Discussion .....	732
The specific activity concept applied to aquatic ecosystems (IAEA-SM-142a/48) .....	735
D.J. Nelson and S.V. Kaye	
Discussion .....	745

## SLUDGE AND WASTE WATER TREATMENT

A radioisotope technique for the measurement and treatment process modelling of biological slimes used in waste treatment (IAEA-SM-142a/49) .....	
G.W. Reid	
Discussion .....	
Radiation-induced high-pressure oxidation of process effluents (IAEA-SM-142a/52) .....	
F.N. Case, D.L. Kau, D.E. Smiley and A.W. Garrison	
Discussion .....	766
Isotope tracer techniques used to determine flow patterns in tertiary waste water treatment (IAEA-SM-142a/51) .....	
H.J. Eby and P.E. James	
Discussion .....	

## CONCLUDING DISCUSSIONS

Concluding remarks .....	
K. Ljunggren	

Chairmen of Sessions and Secretariat of the Symposium	795
List of Participants .....	796
Author Index .....	808
