

Contents

Biological Processes, 1

- 1 Biological oxidation principles, 3**
- 2 Activated sludge processes, 17**
- 3 Trickling filter processes, 47**
- 4 Photosynthetic processes, 57**
- 5 Composting processes, 71**
- 6 Anaerobic digestion, 79**

Part 2 Chemical and Related Physical Processes, 87

- 7 Water stabilization, 89**
- 8 Ion removal by chemical precipitation, 109**
- 9 Ion exchange, 117**
- 10 Electrodialysis, 127**
- 11 Coagulation, 133**
- 12 Disinfection, 147**
- 13 Dry combustion, 165**
- 14 Wet combustion, 177**
- Glossary of Terms, 181**
- Index, 187**
