

CONTENT

	Page
1. Fundamentals of Electricity	1
2. Magnetism and Electromagnetism	21
3. Capacitors and Inductors	34
4. Alternating Current	41
5. Electric Measuring Instruments	59
6. Batteries	72
7. Generators	98
8. D-C Generators and Controls	108
9. A-C Generators and Controls	128
10. Electric Motors	145
11. Installation of Electrical Systems	165
12. Principles of electronics	189
13. Receivers	209
14. Transmitters	220
15. Electric Instruments	227
16. Electronic control Systems	247
17. Radar	257
18. Tow-way Radio for Light Aircraft	271
19. Radio Systems for Modern Airliners	280
20. Electronic Navigation Equipment	290
21. Autopilot for Light Aircraft	316
22. Autopilot for Jet Airliners	333
23. Guidance and Control for Missiles	346
24. Communication Systems for Space Vehicles	359
Glossary	368
Appendix	378
Useful Formulas	378
Greek Alphabet	379
Copper-wire Table	379
Electrical and Electronic Symbols	380
Index	388
