	Page
Session I	
Corrosion of Cylinders and Moving Parts of Engines	3
Discussion	12
Oil Additives	17
Discussion	31
Exhaust System Corrosion	35
Discussion	43
Session II	
Corrosion Inhibitors for Ethylene Glycol-Water for Piston Engines	51
Research and Experience with Sodium Benzoate and Sodium Nitrate Mixtures as Corrosion Inhibitors in Engine Coolants	69
Discussion on the two Preceding Papers	79
Session III	
Experience with the 'land Rover'	103
Discussion	122
Experience with Aluminum alloys in motor vehicles	128
Discussion	157
The Phosphate Treatment of Motor car Bodies	166
Discussion	187
Session IV	
Corrosion-Protection of Electrical Accessories in Motor Vehicles	195
Discussion	206
Packaging of Vehicles and components for Export	208
Discussion	222
General Discussion	227
