Introduction	
Chemistry	
Physico-chemical properties	13
Synthesis	14
Chemical degradation	15
Analysis	15
Toxicology	
Acute oral toxicity	17
Acute dermal toxicity	17
Acute inhalation toxicity	18
Subacute oral toxicity	18
Subacute inhalation toxicity	19
Neurotoxicity	19
Reproduction	19
Potentiation	19
Safety precautions	20
Symptoms and treatment of poisoning	20
Effect on wildlife and domestic animals	21
Metabolism and residues	
Metabolism	25
Residue methods	28
Residue data	29
Withholding periods and tolerances	36
Biological data	
Mode of action	39
Spectrum of action	50
Nogos in plant protection	
Commercial formulations	61
Side effects	62
Methods of application	64
Use recommendations	71
Nuvan in hygiene and stored products protection	
Introduction	151
Commercial formulations	151
Methods of application	154
Use recommendations	159
References	191
Index	199
List of plates	277
