Foreword	v
Status and prospects of direct seeded flooded rice in tropical Asia	1
Concepts for a new plant type for direct seeded flooded tropical rice	17
Rationale for a low-tillering rice plant type with high-density grains	39
Direct seeding practices in India	55
Research status and prospects of direct seeded rice in Korea	65
Direct seeding practices for rice in Sri Lanka	77
Direct seeded rice in the temperate climates of Australia, Italy, and the United States	91
Germination and crop establishment of direct seeded rice in the South of France	103
Problems with continuous seeding of rice in Malaysia	105
Field leveling and direct seeding methods for rice in Portugal	108
Direct seeding methods for rice in Venezuela	110
Fertilizer management in Broadcast-seeded rice in southern U.S.A.	113
Research priorities for direct seeded rice in the tropics	115
