FOREWORD	
WELCOME REMARKS	1
Rainfed lowland rice ecosystems : characterization and distribution	3
Production constraints of rainfed lowland rice in eastern India	25
Rainfed rice in West Bengal	53
<u>INTERNATIONAL NETWORKS</u>	
Cropping systems for rainfed lowland rice environments	59
Rice varietal testing in the rainfed lowlands of South and Southeast Asia	77
Results of INSFFER rainfed lowland rice trials	103
<u>VARIETAL IMPROVEMENT</u>	
Varietal improvement for rainfed lowland rice in South and Southeast Asia : results of a survey	115
Drought resistance in rainfed lowland rice	145
Breeding rice varieties for rainfed lowland areas	159
Breeding for drought-and submergence-prone rainfed lowland rice in Thailand	167
Screening for submergence tolerance	177
Breeding for submergence tolerance in rice in India	191
Tolerance of rice varieties for stagnant flooding	201
Integrated breeding program for medium-deep, stagnant-water, rainfed rice in India	207
Integrated breeding program for medium-deep, stagnant-water, rainfed rice in Bangladesh	217
Breeding program for medium-deep waterlogged rainfed lowland rice in Burma	223
Progress in breeding rice for medium deep water rainfed lowland areas in Vietnam	233
Varietal Improvement and resistance to insect pests	241
Disease resistance in rainfed lowland rice	253
Breeding for soil stresses	263
<u>SOIL, CROP, AND WATER MANAGEMENT</u>	
Soil fertility and fertilizer management for rainfed lowland rice	275
Management techniques to overcome soil salinity problems in coastal rainfed lowland rice	285
Efficient use of water for rainfed lowland rice	295
Physical characteristics of lowlands and promising traditional and new cropping patterns	311
Associated crops in rice-based cropping systems	323
<u>PEST MANAGEMENT</u>	
Diseases and disease management of rainfed lowland rice	339
Management of insect pests in rainfed lowland rice	349
Weed control in rainfed lowland	359
Rat control in rice	371
<u>TECHNOLOGY TRANSFER</u>	
Operational research projects on rice in India	383
Transfer of technology for increasing yields of rainfed rice in eastern India	391
Prospects for rainfed lowland rice production in India by the year 2000	395
RECOMMENDATIONS	417
PARTICIPANTS	426
INDEX OF VARIETIES	432
