

CONTENT

	Page
1. Principles of Grain Drying	1
2. Moist Air Properties	24
3. Grain quality Deterioration	49
4. Grain Equilibrium Moisture Content	69
5. Air Movement	88
6. Introductory Analysis of Fixed Bed Drying Systems	130
7. Grain Drying Systems	144
8. Theory and Simulation of Cereal Grain Drying	185
9. Controls for Dryer Operation and Safety	222
Appendix A	235
Appendix B	247
Appendix C	249
Appendix D	252
Appendix E	257
Index	261
