

CONTENTS

Section A Principles

1	General Principles	3
2	Beneficial Effects of Processing	19

Section B Effects on Nutrients

3	Vitamins	27
4	Proteins	59
5	Carbohydrates 81; Mineral Salts 81; Lipids	82
6	Stability of Added Nutrients	89

Section C Effects of Processes

7	Developments in Processing Methods 95; Pasteurisation and Sterilisation 96; Blanching 97; Blanching 97; Drying 99; Canning 101; Freezing 106; Pressure Cooking 110; Ionising radiation 112; Microwave Heating 113; Fermentation 115; Other Methods 116	
---	--	--

Section D Commodities

8	Meat and Meat Products 123; Fish 130; Milk 133; Cereals 139; Fruits and Vegetables 150; Pulses and Oilseeds 156; Potatoes 161; Eggs 166	
---	--	--

Section E Addition of Nutrients

9	Food Enrichment	171
---	-----------------	-----
