

Ref. 641.3 IGL

CONTENTS

Introduction	1
Graphical Representation of Experimental Data of Water Sorption in foods	
I. Criteria Used for the Compilation and Representation of Data	8
II. Graphical Data	10
Mathematical Description of Isotherms	
I. Introduction	262
II. Tables of Parameters for the Mathematical Description	264
III. Appendix: Nonlinear Regression Program Used for Determination of Parameters	320
References	336
Products Index	344
