| List of Speakers | v |
| List of Participants | vii |
| Symposium Honorary Committee | xvii |
| Preface | xix |
| Foreword | xxi |
| Opening Remarks | 1 |
| | |
| Session 1 | |
| Consideration of SCP as a Protein Source Introduction | 3 |
| Recent Developments in the Status of International Food and Nutrition | 7 |
| Economics of Single Cell Protein in Relation to World Protein Supplies | 25 |
| Substrates for SCP Production | 47 |
| Proposed Guidelines for Testing of Single Cell Protein, Destined as Major Protein Source for Animal Feed: its Standards of Identity | 61 |
| | |
| Session 2 | |
| Nutritional Evaluation of SCP Introduction | 73 |
| Minimal Tests Necessary to Evaluate the Nutritional Qualities and the Safety of SCP | 75 |
| Enzymatic Digestion of Yeast in Some Animals | 93 |
| Response of Livestock and Poultry to SCP | 115 |
| The Place of SCP in Man's Diet | 129 |
| The Use of SCP in Food | 147 |
| | |
| Session 3 | |
| Current Position on SCP Production, Standardization and Use | |
| The PAG Position and Recommendations on SCP for Use as Food | 161 |
| Draft Conclusion and Recommendation of the UNIDO's Expert Group Meeting on Proteins from Hydrocarbons Held 8-12 October 1973 in Vienna | 717 |
| Evaluation of Single Cell Protein for Nonruminants | 179 |
| A Rapid Method to Determine the Carbon from "Petroleum SCP" Foodstuffs and in Animal Tissues | 187 |
| | |
| Session 4 | |
| Roundtable Discussions | 193 |
| Topic 1 Control of SCP Process | 195 |
| Topic 2 Processing of SCP for Human Food | 199 |
| Topic 3 Nutritional Value and Safety of SCP as Human Food | 205 |
| Topic 4 Utilization and Safety of SCP as Animal Feed | 211 |
| Topic 5 Political and Social Aspects of SCP Utilization | 233 |
| | |
| Closing Remarks | |
