658.562 ENR 7th ed.

CONTENT

of Tables	vii
ce	ix
on English, Metric, and SI Units of Measurement	1
Inspection and Testing for Quality Control	3
Installing Lot-By-Lot Inspection	9
Basis of Sampling Plans	31
Process Inspection with Control Charts	45
Control of Variability	59
Statistical Basis of Control Charts	69
Further Control Charts	87
Process Capability and Product Tolerances	105
Vendor-Vendee Relations	135
Organizational Aspects	147
Installing Quality Control	159
Analysis of Variance	171
Optimizing Processing Through Evolutionary Operation	183
Statistical Build-up of Tolerances	189
Multiple Tolerance Chains	201
Evaluation of Reliability	219
Reliability Assurance	239
Reliability Design	253
Appendixes	267
Glossary	291
Index	305
