

**CONTENTS**

1. Basic concepts	1
2. Distillation and partial condensation	101
3. Absorption	239
4. Adsorption	281
5. Drying	317
6. Extraction	393
7. Solvent evaporation, crystallization	475
8. Documentation and calculation of physical characteristics	533
9. General references	537
10. Index	539
