

CONTENTS

1. Introduction	1
2. The Microbial World	8
3. Chemical Activities of Micro-Organisms	29
4. Microbial Technology	74
5. Mass Cultivation of Micro-Organisms	99
6. Alcoholic Fermentation	118
7. Acetone-Butanol Fermentation	160
8. Organic Acid Production	167
9. Production of Antibiotics and Other Pharmaceuticals	191
10. Production of Growth-Promoting Substances: Vitamins, Amino Acids and Gibberellins	222
11. Microbial Enzymes	242
12. Micro-Organisms in Chemical Synthesis	255
Index	279
