

CONTENTS

1. General Processes	1
2. Water for Industrial Use	43
3. Fuel and Power Generation	90
4. Sulphuric Acid	107
5. Nitric Acid	176
6. Salt, Hydrochloric Acid and Sodium Sulphate	191
7. Elements and Compounds	206
8. Soda and Allied Industries	238
10. Electrolytic Caustic and Bleach Industries	276
11. Chlorine and Allied Products	287
12. Electrochemical Industries	315
13. Lime, Cement and Plaster	352
14. Clay, Brick and Pottery	381
15. Glass	405
16. White Lead	445
17. Zinc Oxide, Zinc Sulphide , Lithopone, and White Zinc Pigments George B. Heckel	466
18. Pigments and Pant Oils	489
19. Brief Notes on the Manufacture and Use of Prepared Paint Products	501
20. Industrial Carbon, Blacks and Chars	514
21. The Metallurgy of Iron and Steel	542
22. Fertilizers	559
23. Industrial Instruments and Their Uses	590
