<b>ORGANIZATION</b>	
AIST Laboratories	6
Organization of the National Institute of Materials and Chemical Research (NIMC)	7
NIMC Research Subjects	8
<b>OUTLINE OF RESEARCH ACTIVITIES</b>	
Analytical and Theoretical Chemistry	11
Organic Chemistry	11
Inorganic and Composite Materials	12
Polymer Science and Engineering	13
Catalysis Technology and Process Engineering	14
<b>ABSTRACTS</b>	
1. Theoretical & Computational	15
2. Physical Chemistry	25
3. Surface Science	44
4. Analytical Chemistry	51
5. Inorganic Chemistry	59
6. Organic Chemistry	63
7. Biochemistry	75
8. Photochemistry	78
9. Catalysis	84
10. Polymer Chemistry	94
11. Polymer Physics	100
12. Applied Physics	112
13. Membranes	118
14. Organic Materials	122
15. Inorganic Materials	131
16. Chemical Engineering	142
17. Energy & Engineering	150
18. General	155

FOREIGN SCHOLARS IN 1996	162
AWARD RECIPIENTS	166
