

CONTENTS

INTRODUCTION	1
PRODUCTION OF AROMATICS	3
By Coking of Coal	3
By Coal Hydrogenation	15
By Aromatization of Hydrocarbons	30
By Combined Coupling and Aromatization	46
SEPARATION OF AROMATICS	53
By Distillation	53
By Extractive Distillation	59
By Solvent Extraction	65
By Crystallization	75
By Diffusional Separation	82
By Sulfonation	84
By Adsorption	87
PURIFICATION OF AROMATICS	94
By Acid Treatment	94
By Hydrorefining	97
REACTIONS GIVING HYDROCARBON PRODUCTS	101
Alkylation	101
Hydrodealkylation	109
Dimerization (Di-p-Xylylene Manufacture)	125
Isomerization	139
OTHER REACTIONS	143
Hydrogenation	143
Sulfonation	155
Nitration	164
Chlorination	169
PHENOL PRODUCTION	175
From Benzoic Acid	175
From Chlorobenzene	178

Contents

From Cumene Hydroperoxide	190
From Cyclohexane	201
STYRENE MANUFACTURE AND DERIVATIVES	202
Styrene Monomer	202
Polystyrene	212
Styrene-Maleic Anhydride Copolymers	227
FUTURE TRENDS	231
