

CONTENTS

<b>EDITORS' PREFACE</b>	<b>vii</b>
<b>RUBBER CHEMICALS</b>	
Introduction	1
Vulcanization and Vulcanization Accelerators	9
Vulcanization Retarders	40
Antidegradants-Antioxidants and Antiozonants	44
Blowing Agents	59
Physical Form in which Rubber Chemicals are Used with Outline of How these Forms are Produced	64
Estimated Production Figures for U. K. Rubber Chemical Industry	68
Research Associations Covering the Rubber and Rubber Chemicals Industries	69
Selected References for Further Reading	70
Acknowledgements	71
<b>CHEMICALS FOR THE LEATHER INDUSTRY (TANNING AGENTS)</b>	
Preface	73
General Introduction	73
Bibliography	83
Vegetable Tanning Extracts	83
Chrome Tanning Compounds	90
Synthetic Tanning Materials (Syntans)	102
<b>MATCH-MAKING CHEMICALS</b>	<b>109</b>
<b>INDEXES</b>	
Rubber Chemicals	121
Chemicals for the Leather Industry	121
Match-making Chemicals	122
