

## CONTENTS

|  |            |
|--|------------|
| <b>PART I PERSPECTIVES AND PROSPECTUS</b>  | <b>1</b>   |
| 1 Perspectives and Prospectus  | 3          |
| <br>   |            |
| <b>PART II BASICS OF ENZYMOLOGY</b>  | <b>25</b>  |
| 2 The Nature of Enzyme Action-Definitions and Specificity  | 27         |
| 3 The Nature of Enzyme Action-Catalytic Efficiency   | 49         |
| 4 The Nature of Enzyme Action-Regulation, Biosynthesis and Biology   | 54         |
| <br>   |            |
| <b>PART III ENZYME PRODUCTION AND RELATED TOPICS</b>   | <b>87</b>  |
| 5 Industrial Food Enzymes-Production, Stabilization, Costs   | 89         |
| 6 Enzyme Purification, Enrichment, Isolation   | 105        |
| 7 Affinity Chromatography of Enzymes   | 123        |
| 8 Immobilization of Enzymes  | 137        |
| 9 Enzymology of Sweetener Production   | 152        |
| <br>   |            |
| <b>PART IV NONBIOLOGICAL CONTROL AND MANAGEMENT OF ENZYME ACTION</b>                                       | <b>181</b> |
| 10 Control of Enzymes by Energy Input  | 183        |
| 11 Peroxidases, Other Enzymes and Adequacy of Heat Treatment and Regeneration                              | 202        |
| 12 Action and Control of Enzymes at Low Temperatures   | 218        |
| 13 Action and Control of Enzymes at Low Water Activities   | 231        |
| 14 Control of Enzymes by Perturbation of Molecular Environment   | 247        |
| <br>   |            |
| <b>PART V ENZYME ACTION AND FOOD COLOR QUALITY</b>   | <b>265</b> |
| 15 Food Color, the Phenolases and Undesirable Enzymatic Browning   | 267        |
| 16 Other Roles of Enzyme Action on Phenols as Determinants of Food Color Quality                           | 284        |
| 17 Color Changes Induced by Enzyme Action on Nonphenolic Substrates in Plant Foods                         | 298        |
| 18 Enzymatic Aspects of Color Change and Retention in Meat and Fish  | 315        |
| 19 Enzymatic Aspects of Nonenzymatic Browning  | 326        |
| <br>   |            |
| <b>PART VI ENZYME ACTION AND FOOD FLAVOR QUALITY</b>   | <b>343</b> |
| 20 Enzyme Action and Accumulation and Retention of Nonvolatile Flavorants                                  | 345        |
| 21 Enzyme Action and Aroma Genesis in Vegetables   | 368        |
| 22 Enzymatic Aroma Genesis in Fruits, Flavorants and Beverages   | 388        |
| 23 Enzymatic Aroma Genesis in Meats, Fermented Foods and via Flavorese                                     | 406        |
| 24 Enzyme Involvement in Off-flavor from the Oxidation of Unsaturated Lipids in<br>Nondairy Foods          | 421        |
| 25 Lipase and Other Enzyme Involvement in Dairy Off-flavors, Citrus Bitterness and Other<br>Flavor Defects | 440        |

|  |            |
|--|------------|
| <b>PART VII ENZYEM ACTION AND THE TEXTURAL QUALITY OF FOODS</b>                            | <b>459</b> |
| 26 Enzyme Action and Food Texture: Muscle to Meat  | 461        |
| 27 Applied Enzymology of Meat Texture Optimization   | 481        |
| 28 Roles of Enzymes in Fish Texture and Transformation                                     | 497        |
| 29 Enzyme Action and Plant Food Texture  | 511        |
| <br>   |            |
| <b>PART VIII ENZYME ACTION AND FOOD TRANSFORMATIONS:</b>                                   |            |
| <b>CHANGE-OF-STATE, APPENRANCE AND IDENTITY</b>  | <b>533</b> |
| 30 Roles of Enzyme Action in Wine and Fruit and Vegetable Juice Manufacture and Appearance | 535        |
| 31 Enzyme Action in Malting and Brewing  | 552        |
| 32 Enzyme Action in Bread-making and Other Texture-related Modificating of Cereal Foods    | 572        |
| 33 Enzyme Action in Cheesemaking and Cheese Texture  | 593        |
| <br>   |            |
| <b>PART IX ENZYME ACTION IN PROTEIN MODIFICATION AND</b>                                   |            |
| <b>HEALTH-ASSOCIATED ASPECTS OF FOOD QUALITY</b>   | <b>611</b> |
| 34 Protein Functionality and Nutritiousness as Modified by Enzyme Action                   | 613        |
| 35 Enzymes in Foods as Health and Safety Hazards   | 634        |
| 36 Enzymes and Their Action in Foods as Health and Safety Benefits                         | 650        |
| <br>   |            |
| <b>PART X ENZYME ACTION IN THE QUALITY CONTROL LABORATORYASSAY,</b>                        |            |
| <b>TESTING, ANALYSIS</b>   | <b>667</b> |
| 37 Enzyme Assays-Principles and Applications in Food Quality Control                       | 669        |
| 38 Food Anylates as Enzyme Substrates  | 685        |
| 39 Further Aspects of the Utility of Enzymes in Food Analysis                              | 695        |
| <br>   |            |
| <b>BIBLIOGRAPHY AND SELECTED REFERENCES</b>  | <b>717</b> |
| <b>ENZUME INDEX</b>  |            |
| <b>INDEX</b>   |            |
