	Page no.
1. INTRODUCTION	1
2. USER REQUIREMENTS	2
3. INTERFACING OF TRADES	5
4. EXTERNAL WALL CONSTRUCTION	6
4.1 Walls	6
4.2 Temperature control	7
4.3 Access ways	7
5. INTERNAL WALL CONSTRUCTION	16
5.1 Load bearing walls	16
5.2 Non-load bearing walls	18
5.3 Temperature control	21
6. BACKGROUND PREPARATION	22
6.1 Background properties	22
6.2 Background types and pre-treatment	22
6.3 Background coating system	24
7. MOVEMENT JOINTS	25
8. FINISHES	27
8.1 Liquid coatings	27
8.2 Finishing coats	28
8.3 Reinforced coatings	31
8.4 Cladding systems	32
8.5 Tiles	44
9. COVING AND PROTECTION	48
9.1 General requirements	48
9.2 Floor-to-wall junctions	48
9.3 Wall-to-wall and wall-to-ceiling junctions	51
9.4 Door protection	51

10.	OPENINGS AND DUCTS	60
10.1	Doors	60
10.2	Windows	62
10.3	Ducts	62
10.4	Pipes	63
10.5	Cables	63
11.	CEILINGS	69
11.1	General considerations	69
11.2	Renovation of existing structures	69
11.3	Portal frames	70
11.4	Lattice or truss roof frames	70
11.5	Concrete structures	70
11.6	Lay-in grid tile systems	71
11.7	Composite walk-on panels	71
12.	SERVICES	77
12.1	Routing	77
12.2	Hygienic design	77
12.3	Lighting	78
13.	PEST PROOFING	79
13.1	Foundations	79
13.2	Drains and sewers	79
13.3	Holes	80
13.4	Internal pipes and ductwork	80
13.5	Walls	81
13.6	Beam filling	82
13.7	Doors	82
13.8	Windows	82
13.9	Roofs	83
13.10	Pest control on building sites	83
APPENDICES		
A	Glossary of terms	87
B	Relevant British Standards	91
