

CONTENTS

Preface	ix
1. Trends in the Design of Food Containers	1
2. Glass Containers for Packaging Irradiation-Sterilized Foods	15
3. Tinplate Containers for Packaging Irradiation-Sterilized Foods	22
4. Compatibility of Aluminum for Food Packaging	35
5. Packaging Food Products in Plastic Containers	49
6. High Nitrile Copolymers for Food and Beverage Packaging	61
7. Flexible Packaging and Food Product Compatibility	77
8. Irradiation of Multilayered Materials for Packaging Thermoprocessed Foods	87
9. Future Needs in Food Packaging Materials	95
Index	103
