| Introduction.....                                    | vii |
| Preface .....  | xi  |
| 1 Basic Oil Chemistry.....                           | 1   |
| 2 Crude Oil Receiving and Storage .....              | 21  |
| 3 Crude Oil De-Gumming and Acid Pre-treatment .....  | 33  |
| 4 Refining.....                                      | 47  |
| 5 Bleaching.....                                     | 101 |
| 6 Hydrogenation.....                                 | 145 |
| 7 Deodorization .....                                | 193 |
| 8 Finished Product Storage and Handling.....         | 227 |
| 9 Fat Crystallization.....                           | 241 |
| 10 Winterization and Fractionation.....              | 275 |
| 11 Oil Quality Management .....                      | 311 |
| 12 Loss Management.....                              | 333 |
| 13 <i>Trans</i> Fat Alternatives and Challenges..... | 361 |
| 14 Process Equipment .....                           | 397 |
| 15 Plant Safety Procedures .....                     | 451 |
| Index.....   | 471 |
