

CONTENTS

Preface	vii
---------	-----

CHEMICAL MODIFICATION

1. Chemical Modification of Food Proteins	3
Robert E. Feeney	
2. Chemistry and Biology of Amino Acids in Food Proteins:	
Lysinoalanine Erhard Gross	
3. Chemical Modification of Soy Proteins	52
Edwin W. Meyer and L.D. Williams	
4. Determinants of the Functional Properties of Proteins and	
Protein Derivatives in Foods	67
Dale S. Ryan	

ENZYMATIC MODIFICATION

5. Enzymatic Modification of Proteins Applicable to Foods	95
John R. Whitaker	
6. Enzymatic Protein Degradation and Resynthesis for Protein	
Improvement	156
Masao Fujimaki, Soichi Arai, and Michiko Yamashita	
7. Functionality Changes in Proteins Following Action of Enzymes	185
T. Richardson	
8. Enzymatic Yeast Cell Wall Degradation	244
H. j. Phaff	
9. Removal of Naturally Occurring Toxicants through Enzymatic	
Processing	283
Irvin E. Liener	
Index	301
