

CONTENTS

	Page
1. Shale Oil Hydroprocessing	1
2. Shale Oil Upgrading for FCC Conversion	29
3. Commercial Scale Hydrotreating of Shale Oil	49
4. Direct Hydrocracking of Shale Oil	73
5. Upgrading and Refinery Acceptability of Western Shale Oil	99
6. Upgrading Shale Oil for Processing in Existing Refineries	129
7. Upgrading Shale Oils Obtained in Vapor Phase	145
8. Nitrogen Compound Distribution in Shale Oil: comparison of Bench-Scale and Commercial Hydroprocessing	159
9. A Scaled-Down Unit to Study Incompatibility Reactions in Shale Oil-Petroleum Coprocessing	183
10. Manufacture of Aviation and Distillate Fuels from Raw Shale Oil	193
11. Jet Fuels from Shale Oil Via EXTRACTACKING	223
12. jet Fuel Freezing Point and Composition	243
13. Composition of Shale Derived Fuel Samples	261
Index	289
