

CONTENTS

	Page
Preface	iii
1. Introduction	1
2. Chemical Composition of Asphalts	7
3. Physical Properties	33
4. Rheological Techniques and Properties	43
5. Colloidal Properties of Asphalt	72
6. Durability	90
7. Asphalt Manufacture	114
8. Cutback Asphalts	144
9. Asphalt Emulsions	157
10. Mineral Powders and Filled Asphalts	176
11. Use of Asphalt in Paving	190
12. Asphalt Roofing	222
13. Asphalt in hydraulics	243
14. Special Uses for Asphalt	254
Appendix	270
Name Index	281
Subject Index	287
