

CONTENTS

	Page
Scope of the Symposium	1
Tree Spray Oils	3
Insecticidal efficiency of Petroleum Fractions and Synthetic Isoparaffins	12
Evaluation of Petroleum Fractions against California Red Scale and Citrus Red Mite	25
Phytotoxic and Insecticidal Study of a Petroleum Isoparaffinic Fraction	37
Use of Petroleum Oils in Mosquito Control	43
Solvents for DDT	52
Influence of Particle Size on Application of Insecticide Sprays	56
Thermal Oil Fogs as insecticides and insecticide Carriers	60
Herbicidal Uses of Oils	70
Herbicidal Properties of Petroleum Hydrocarbons	76
Control of Weeds in Forest Nurseries with Mineral Spirits	84
Nematocidal Action of Halogenated Hydrocarbons	91
Petroleum-Derived Products in Agriculture Pest Control	100
