

CONTENTS

	Page
Preface	ix
1. Petroleum Emulsions : Basic Principles	1
2. Practical Aspects of Emulsion Stability	51
3. Emulsion Characterization	79
4. Rheology of Emulsions	131
5. Fluid Dynamics of Oil-Water-Sand Systems	171
6. Flow of Emulsions in Porous Media	219
7. Emulsions in Enhanced Oil Recovery	263
8. Pipeline Emulsion Transportation for Heavy Oils	295
9. Commercial Emulsion Breaking	313
10. Breaking Produced-Fluid and Process-Stream Emulsions	341
GLOSSARY AND INDEXES	
Glossary of Petroleum Emulsion Terms	385
Author Index	406
Affiliation Index	406
Subject Index	406
