Introduction	1
FIRST SESSION	
Corrosion of Production Equipment and Gathering Lines and Its Prevention	7
Discussion	26
The Corrosion of Marine Structures and Its Prevention	30
Discussion	47
SECOND SESSION	
Corrosion of Tanker Hulls and Its Prevention	61
Discussion	82
Developments in the Protection of Storage Tanks and Pipelines	90
Discussion	102
THIRD SESSION	
Corrosion Problems Arising in Tubular Heat-Exchange Equipment	111
Corrosion Control in Reticulations Using Salt Water	121
Discussion on the two Preceding Papers	138
FOURTH SESSION	
Non-Destructive Testing in the Oil Refinery	157
Discussion	175
Developments in Corrosion-Resistant Materials : Metals	184
Developments in Corrosion-Resistant Materials : non-Metallic Materials	211
Discussion on the two Preceding papers	226
Index	233
