	Page
1. LIQUEFIED PETROLEUM GAS	1
History	1
Chemical Composition	3
Sources	9
Uses	9
Power Uses	10
Petrochemical Uses	10
2. MARINE TRANSPORTATION OF LPG	13
Introduction	13
Ships	13
Storage	19
LPG Traffic	23
LPG Market Characteristics	29
Effect of LNG on Market	29
3. LIQUEFIED NATURAL GAS	32
Introduction	32
History of LNG Development	35
Chemistry	38
Applications	40
Advantages as Fuel	43
4. LIQUEFACTION AND REVAPORIZATION OF LNG	48
Peak-Shaving Plants	48
Base-Load Plants	50
LNG Plants	50
Feed Preparation	51
Removal of Water	51
Removal of CO ₂ and H ₂ S	51
Miscellaneous Contaminants	54
Liquefaction Cycles	54
Cascade Cycle	55
Incorporated or Modified Cascade Cycle	58
Oak-Creek, Wisconsin – Cascade Cycle Liquefaction Plant	58
Cascade Cycle – Arzew, Algeria	63
Expander cycle	67
Constock Barge	70
San diego Peak-Shaving Liquefaction Plant	70
Revaporization of LNG	71
Gas-Fired Vaporizers	72
Convey Island Vaporizers	72
Future Developments	73
5. STORAGE OF LNG	79
Introduction	79
Mined Caverns	81
Cryogenic In-Ground Storage – Frozen Holes	83
In – Ground Storage at the CAMEL LNG Plant	85
Hackensack Meadows – Transcontinental Frozen Earth Storage	89
Frozen – Earth LNG Storage at Canvey Island	89
Prestressed Concrete Tanks	94

	IGT Prestressed Concrete Tank	94
	Battelle Memorial Institute – Prestressed concrete Tank	95
	Texas Eastern Prestressed Concrete Storage Tank	98
	Aboveground Metal LNG Tanks	98
	Economics of LNG Storage	109
6.	MARINE TRANSPORTATION OF LNG	115
	Introduction	115
	“Methane Pioneer”	116
	British Ships – “Methane Princess” and the “Methane Progress”	119
	French Ships – “Beauvais”, “Jules Verne” and “Pythagore”	123
	“Findon”	135
	Developments	138
	Barges 139	
	Future Possibilities	139
7.	LNG ECONOMICS AND FUTURE DEVELOPMENTS	140
	LNG Economics	140
	Use of Cold	142
	Undersea Gas Pipelines	145
	Peak-Shaving Economics	146
	“Local” Needle Peak-Shaving	147
	“Satellite” Peak-Shaving	147
	Imported LNG	150
8.	MARINE TRANSPORTATION OF OTHER LIQUEFIED GASES	152
	Ethylene	152
	Ethylene Economics	152
	Possible Patterns of Ethylene Transportation	155
	Liquid Hydrogen and Liquid Oxygen	156
	Liquid Ammonia	158
	Details of the “william R. Grace”	161
	Liquid Ammonia Barges	162
	BIBLIOGRAPHY	164
	APPENDIX – ECONOMICS OF SEA TRANSPORT OF LNG	167
