

CONTENTS

	Page
Preface	v
List of Contributors	ix
1. Overview	1
2. Community Methane Systems	13
3. Wastewater Treatment and Biomass Production by Floating Aquatic Macrophytes	21
4. Wastewater Treatment Using Combined Anaerobic Filtration and Hydroponics	37
5. Anaerobic Digestion	53
6. Microbial Hydrolysis of Lignocellulosic Materials	61
7. Biogasification Kinetics of Biomass / Waste Blends	101
8. Anaerobic Digestion Development	112
9. Utilization of Anaerobic Digester Residues	133
10. RefCoM	151
11. Systems Analysis of MSW Biogasification	179
Index	209
