

## CONTENTS

<b>Contributors</b> .....	<b>ix</b>
<b>Preface</b> .....	<b>xi</b>
1. Ozone Disinfection of Drinking Water .....	1
<i>J.-P. Légeron</i>	
2. Removal of Iron and Manganese by Ozone During Drinking Water Treatment in Düsseldorf .....	21
<i>F. J. Weissenhorn</i>	
3. Control of Tastes and Odors in Drinking Water with Ozone ...	31
<i>Y. Richard and L. Bréner</i>	
4. Removal of Color from Drinking Water with Ozone .....	49
<i>Y. Richard and L. Bréner</i>	
5. Removal of Detergents from Drinking Water with Ozone .....	63
<i>Y. Richard and L. Bréner</i>	
6. Removal of Pesticides from Drinking Water with Ozone .....	77
<i>Y. Richard and L. Bréner</i>	
7. Removal of Ammonia and Other Nitrogen Derivatives from Drinking Water with Ozone .....	99
<i>Y. Richard and L. Bréner</i>	
8. Microflocculation by Ozone .....	123
<i>D. Maier</i>	

**viii OZONE FOR DRINKING WATER TREATMENT**

9. Closed-Loop System for Generating Ozone from Oxygen and Its Application to the Treatment of Drinking Water at Duisburg, Federal Republic of Germany . . . . .	141
<i>G. Uhlig</i>	
10. Biological Drinking Water Treatment Systems Involving Ozone . . . . .	151
<i>M. R. Jekel</i>	
11. Raw Water Preozonation . . . . .	177
<i>J. Chédal</i>	
12. Recent Developments in the Treatment of Drinking Water with Ozone . . . . .	215
<i>R. G. Rice</i>	
13. Ozone for Drinking Water Treatment—A Bibliography . . . . .	237
<i>R. G. Rice</i>	
<b>Index . . . . .</b>	<b>375</b>
