

CONTENTS

|       |                                    |     |
|-------|------------------------------------|-----|
| I.    | Basic Arithmetic                   | 1   |
| II.   | Dimensional Change                 | 18  |
| III.  | Density and Specific Gravity       | 28  |
| IV.   | Porous Solids                      | 35  |
| V.    | Suspensions                        | 43  |
| VI.   | Body Calculations                  | 58  |
| VII.  | Introduction to Glaze Calculations | 75  |
| VIII. | Fritted Glazes                     | 90  |
| IX.   | Miscellaneous Glaze Calculations   | 102 |
| X.    | Ultimate and Proximate Analysis    | 115 |
| XI.   | Miscellaneous Calculations         | 125 |
|       | Answers to Problems                | 134 |
|       | Appendix                           | 141 |
