

CONTNETS

**SECTION I – INTRODUCTION**

	Preface	
1	Introduction	1
2	Historical	5

**SECTION II – CLAYS**

3	Kaolins	11
4	Ball Clays	18
5	Stoneware & Fireclay	27
6	Bentonites	31

**SECTION III – FILLERS**

7	Quartz	37
8	Diverse Fillers	45

**SECTION IV – FLUXES**

9	Feldspars	51
10	Diverse Fluxes	61

**SECTION V – TOOLS & TECHNIQUES**

11	Throwing	69
12	Pressing	77
13	casting	83
14	Mixing	93
15	Grinding	101
16	Sizing	107
17	Blunging	113

**SECTION VI – HEATING**

18	Drying	119
19	Temperatures	123
20	Fast Firing	127
21	Atmospheres	133
22	Translucency	143
23	Slumping	153
24	Dunting	157
25	Mullite Formation	167

## **SECTION VII – PHYSICAL CHARACTERISTICS**

26	Thermal Conductivity	177
27	Thermal Expansion	181
28	Thermal Shock	191
29	Porosity	197
30	Physical Evaluation	205

## **SECTION VIII – STANDARDS**

31	Chemical Standards	221
32	Physical Standards	229
33	Ceramic Standards	239
34	Firing Standards	247
35	Treatment Standards	259
36	Impurities	267

## **SECTION IX – EXAMPLES**

37	Stoneware	275
38	Porcelain	279
39	Raku	283
40	Earthenware	287

## **APPENDIX**

	Bibliography	293
	Glossary	311
	Materials	323

<b>INDEX</b>		331
