

## CONTENTS

	Page
1. Introduction	1
2. Cellulose and Cellulosic Fibres	15
3. Preparation	42
4. Light, Colour, and Constitution	100
5. Colorants for Cellulosic Fibres	133
6. Dyeing: Theoretical Considerations	211
7. application of colorants (1): Directly and Indirectly Substantive Dyes	250
8. Application of Colorants (2) : Solubility Cycle Dyes	280
9. Application of Colorants (3) : Colorants Formed <i>in situ</i>	308
10. Application of Colorants (4) : Resin-Bonded Pigment Systems	334
11. Dyeing Machines	342
12. Finishing	373
Appendix : Miscellaneous Cellulosic Fibres	396
Bibliography	402
Index	405
