

CONTENTS

	Page
1. Introduction	1
2. Antiskinning Agents	3
3. Plasticizers (Section A)	7
Plasticizers (Section B)	13
Plasticizers (Section C)	19
Plasticizers (Section D)	23
Plasticizers (Section E)	29
Plasticizers (Section F)	36
4. Antifoaming Agents (Section A)	40
Antifoaming Agents (Section B)	44
Antifoaming Agents (Section C)	47
5. Antifouling Agents (Section A)	51
Antifouling Agents (Section B)	54
6. Antifreezing Agents in Paints	58
7. Additives that Reduce in Flooding, Floating or Silking (Section A)	61
Additives that Reduce in Flooding, Floating or Silking (Section B)	65
8. Dispersing Agents (Section A)	70
Dispersing Agents (Section B)	74
Dispersing Agents (Section C)	79
9. Ultraviolet Absorbers	84
10. Antioxidants	91
11. Fire Retardants (Section A)	96
Fire Retardants (Section B)	100
Fire Retardants (Section C)	104
12. Agents that Promote Leveling and Flowout (Section A)	109
Agents that Promote Leveling and Flowout (Section B)	113
13. Destaticizer Agents	117
14. Corrosion Inhibitors	122
15. Odorants and Deodorants	127
16. Luminescent Materials	130
17. Agents that Promote a Hammered Effect	135
18. Anti-Livering Agents	138
19. Agents that Promote Mar Resistance	141
20. Gloss Control (Flatting) Agents (Section A)	145
Gloss Control (Flatting) Agents (Section B)	150
21. Antisagging Agents (Section A)	154
Antisagging Agents (Section B)	158
22. Viscosity Control Agents (Section A)	161
Viscosity Control Agents (Section B)	166
Viscosity Control Agents (Section C)	170
Viscosity Control Agents (Section D)	175
23. Preservatives (Section A)	181
Preservatives (Section B)	186
Preservatives (Section C)	190
Preservatives (Section D)	194
24. Heat Stabilizers	200
25. Curing Agents	205
26. Emulsifiers	209
27. Antisettling or Suspension Agents	214
28. Moisture Resistant Agents	222
29. Materials that produce Pearlescent Effects	227

30.	Driers (Section A)	233
	Driers (Section B)	240
	Driers (Section C)	245
