

TABLE OF CONTENTS

Chapter/Paragraph	Page
LIST OF ILLUSTRATIONS	xi
LIST OF TABLES	xiii
1. GENERAL INFORMATION	
A. INTRODUCTION	1-1
1. General	1-1
a. Purpose and Scope	1-1
b. Aircraft and Vehicles	1-1
c. Terminology	1-1
2. Purpose of Painting	1-2
a. Protection	1-2
b. Sanitation and Cleanliness	1-2
c. Illumination and Visibility	1-2
d. Safety and Efficiency	1-3
e. Appearance	1-3
f. Fire Retardance	1-3
B. PAINTING ORGANIZATION AND SUPERVISION	1-4
1. Frequency of Painting	1-4
a. General	1-4
b. Interior Surfaces	1-4
c. Exterior Surfaces	1-4
d. Preventive Maintenance	1-5
2. Weather Conditions	1-5
3. Ordering Paints	1-6
4. Using Commercial Paints	1-8
5. Organizing for the Job	1-8
6. Paint Records	1-9
7. Contract Painting	1-10
8. Reports of Deficient Paint	1-10
C. SAFETY AND OCCUPATIONAL HEALTH	1-11
1. General	1-11
2. Scaffolding and Ladders	1-11
a. Precautions for Ladder Storage and Use	1-11
b. Scaffolding	1-13
c. Rolling Towers	1-16
d. Swinging Scaffolds. Swing Stages. Boatswain's Chairs	1-16
e. Ropes and Cables	1-18
3. Storage Hazards	1-20
4. Application Hazards	1-21
5. Special Hazards of Spray Operation	1-25
a. Fire and Explosion	1-25
b. Airless Spray Equipment	1-26

1. GENERAL. CONTINUED	
C. SAFETY—Continued	
5. Special Hazards of Spray Operation. Continued	
c. Health Hazards	1-27
d. Spray Booth Design and Operation	1-28
e. Respiratory Protection	1-28
f. Skin Protection	1-28
g. Eye Protection	1-29
h. Foot Protection	1-29
i. Medical Monitoring	1-29
6. Blast Cleaning Precautions	1-29
a. Major Hazards	1-29
b. Health Hazards	1-31
c. Operational Controls	1-32
d. Personnel Controls	1-32
e. Engineering Design	1-33
f. Breathing Air Systems	1-33
g. Medical Monitoring	1-33
D. PAINT MATERIALS	1-34
1. General	1-34
2. Paint Vehicles	1-34
a. Alkyd	1-34
b. Cement	1-36
c. Epoxy	1-36
d. Fox. Coal Tar	1-36
e. Inorganic	1-36
f. Latex	1-37
g. Oil	1-37
h. Oil-Alkyd	1-37
i. Oleoresinous	1-37
j. Phenolic	1-38
k. Phenolic-Alkyd	1-38
l. Polyvinyl Butyral Resin/Phosphoric Acid	1-38
m. Rubber-Base	1-38
n. Silicone	1-38
o. Silicone Alkyd	1-39
p. Urethane	1-39
q. Vinyl	1-40
r. Vinyl-Alkyd	1-40
3. Paint Pigments	1-41
a. Extender Pigments	1-41
b. Special Purpose Pigments	1-41
4. Solvents and Thinners	1-42

TABLE OF CONTENTS.. CONTINUED

Chapter/Paragraph	Page
1. GENERAL. CONTINUED	
E. PAINTSTORAGE	1-44
1. Storage Areas	1-44
2. Issue	1-44
3. Containers	1-44
4. Storage	1-45
F. PREPARATIONOF SURFACES	1-46
1. General	1-46
2. Mechanical Treatment	1-46
a. Hand Cleaning	1-46
b. Power Tool Cleaning	1-47
c. Flame Cleaning	1-47
d. Blast Cleaning	1-47
e. Blast Cleaning Procedures	1-51
f. Summary	1-54
3. Preparation of Particular Substrates	1-55
a. Preparation of Ungalvanized Steel	1-55
b. Preparation of Galvanized Steel	1-56
c. Preparation of Aluminum	1-57
d. Preparation of Wood	1-57
e. Preparation of Concrete and Masonry	1-59
4. Repair of Surfaces	1-60
a. General	1-60
b. Caulking Compounds and Sealants	1-61
c. Putty	1-61
d. Glazing Compound	1-61
e. Application of Caulking and Glazing Compounds. Putty. and Sealants	1-61
f. Patching Materials	1-62
G. PREPARATION AND APPLICATION OF PAINT MATERIALS	1-66
1. Paint Conditioning and Mixing	1-66
a. Mixing	1-66
b. Tinting	1-67
c. Straining	1-68
d. Thinning	1-68
2. Brush Application	1-68
a. Bristle Types	1-68
b. Brush Components	1-68
c. Types of Brushes	1-68
d. Brushing Technique	1-69
e. Care of Brushes After Use	1-71
f. Striping	1-71

3. Roller Application	1-71
a. Roller Cover Materials	1-72
b. Roller Pans	1-72
c. Paint Application and Care of Rollers	1-72
d. Ordering Paint Related Equipment	1-73
4. Spray Painting	1-75
a. Types of Spray Equipment	1-75
b. Gun Types for Conventional Spray	1-76
c. Description of Conventional Spray Gun	1-77
d. Spray Paint Technique	1-78
e. Paint Application	1-80
f. Sprayed Film Defects	1-81
g. Care of Spray Equipment After Use	1-82
5. Control of Film Thickness	1-83
H. PAINT DETERIORATION AND FAILURE	1-84
1. Soiling	1-84
2. Color Change	1-84
3. Flattening	1-84
4. Chalking	1-84
5. Checking and Cracking	1-85
6. Wear and Erosion	1-85
7. Alligatoring	1-86
8. Crawling	1-86
9. Crumbling. Scaling. Flaking and Peeling	1-86
10. Blistering. Lifting and Intercoat Peeling	1-87
11. Wood Resin Bleed-Through	1-87
12. Rust	1-87
13. Efflorescence	1-88
14. Mildew	1-88
15. Atmospheric Contamination	1-88
2. PROTECTIVE COATINGS FOR VESSELS AND BOATS	
PAINT SYSTEM INDEX	2-2
A. INTRODUCTION	2-2a
1. When to Paint	2-2a
a. Interior Surfaces	2-2a
b. Hull Exterior and Superstructure Surfaces	2-2a
c. Underwater Body and Boot-Top Surfaces	2-2a
2. Changing Painting Practices	2-2b
3. Color for Safety	2-2b
a. Red for Fire Protection	2-2b
b. Yellow for Hazard Marking	2-4

g. Aisle Marks	2-8
h. Crane Control and Hooks	2-8
i. Safety Helmets	2-8
B. VESSEL COATING SYSTEMS - EXTERIOR	2-10
1. Accommodation Ladders. Wood	2-10
2. Anchors; Anchor Chains	2-10
3. Antenna Hardware. Radio and Radar; DF Loops	2-12
4. Bilge Keels	2-12
5. Boatswain's Chairs	2-13
6. Boot-Top	2-13
7. Electric Cables. Armored. Exterior	2-16
8. Faying Surfaces	2-16
9. Fiberglass Boat Repairs	2-16
a. Major Repairs	2-16
b. Minor Repairs	2-17
c. Copies of the Manuals	2-17
d. Fiberglass Repair Kits	2-17
10. Flight Deck Surfaces	2-17
11. Freeboard	2-18
12. Gangplanks. Wood	2-18
13. Gratings. Wood	2-18
14. Inaccessible Areas	2-18
15. Ladders. Wooden	2-26
16. Machinery. Deck	2-26
17. Masts. Metal	2-26
18. Masts, Wood	2-27
19. Open Hulls. Cockpits and Cargo Spaces	2-27
20. Ordnance Equipment	2-27
21. Piping Systems	2-28
22. Propellers	2-32
23. Propeller Shafts	2-32
24. Railing. Wood	2-32
25. Rudders	2-32
26. Running Light Screens	2-32
27. Seachests and Gratings	2-32
28. Skegs	2-32
