

CONTENTS

	Page
PART I – GENERAL	
I A General Survey of the Dyeing Process	3
II The Purification and Estimation of Dyes	18
III The Colloidal Properties of Dye Solutions	57
IV Dyeing Equilibria	83
V The Kinetics of dyeing	119
PART II – SPECIFIC	
VI Cellulose – The Substrate and the Direct Dyes	153
VII Cellulose – Dyeing Equilibria with Direct Dyes	176
VIII Cellulose – The Kinetics of Dyeing with Direct Dyes	233
IX The Dyeing of Cellulose Acetate	251
X The Dyeing of Proteins	277
XI The Adsorption of Dyes by Wool	309
XII The Dyeing of Polyamide Fibres	365
Subject Index	404
Dye Index	410
Author Index	413
