

## CONTENTS

	Page
1. Introduction	1
2. Surface Activity	5
3. Physical Properties of Emulsions	49
4. Theory of Emulsions : Stability	95
5. Theory of Emulsions : Creaming, Inversions, and Demulsification	150
6. The Chemistry of Emulsifying Agents	209
7. Techniques of Emulsification	267
8. Emulsion Applications	326
9. Demulsification	367
10. Measurement of Emulsion Properties	381
Index	433
