1. Characterization of Anionic Surfactants	1
2. Characterization of Nonionic Surfactants	53
3. Characterization of Cationic and Amphoteric Surfactants	105
4. Qualitative Analysis	117
5. Separation of Surfactants	127
6. Quantitative Surfactant Analysis : Liquid Chromatography	167
7. Quantitative Surfactant Analysis : Gas Chromatography	227
8. Quantitative Surfactant Analysis : Thin-Layer Chromatography	253
9. Quantitative Surfactant Analysis : Supercritical Fluid Chromatography	283
10. Quantitative Surfactant Analysis : Spectroscopic Methods	289
11. Quantitative Surfactant Analysis : General Methods	343
12. Environmental Analysis	383
13. Analysis of Formulated Products	425
