

CONTENTS

	Page
1. The Durability of Structural Adhesives	1
2. Structural Adhesives Used in Civil Engineering	25
3. Advances in Epoxy Adhesive Technology	77
4. Tack and morphology of Pressure-Sensitive Adhesives	99
5. Pressure-Sensitive Adhesives – Principles of Formulation	127
6. Acrylic Adhesives	157
7. The Present Position of Tyre Cord Adhesives	181
8. Fusible Adhesives for Textiles	199
9. Thermoplastic SBS Rubbers as Adhesives and Adherends	223
10. Preparing Low-Energy Surfaces for Bonding	251
11. Safety and Environmental Legislation and its Effect on adhesive Formulation	283
Patent Index	305
Author Index	307
Subject Index	315
