

CONTENTS

1. Introduction	1
2. Mold Design	5
3. Injection Molds for Thermoplastics	10
4. Consideration of Product	17
5. Mold Size and Strength	34
6. Mold and Press	67
7. Moldability Features	78
8. Details of Molds	105
9. Types of Bases and Molds	118
10. Cavity Materials	133
11. Cavity Fabrication	161
12. Mold Temperature Design	191
13. Runnerless Molding	209
14. Molding Thermoplastics	227
15. Setup Data	261
16. Mold Placement	274
17. Molding Problems and Solutions	279
18. Materials Processing Data: Thermoplastics	290
19. Molding Expandable Polystyrene	322
20. Foamed Engineering Plastics	336
21. Reaction Injection Molding and Molds	348
22. Injection Molding and Molds of Thermosets	366
Index	393
