

CONTENTS

Chapter 1.	Stress Relaxation Tests. By R. L. Bergen, Jr.	1
Chapter 2.	Processing of Numerical Test Data. By J. Mandel and T. W. Lashof	33
Chapter 3.	Testing of Polymers at Cryogenic Temperatures. By J. H. Lieb and R. E. Mowers	83
Chapter 4.	Testing for Wetting Properties of Plastics Surfaces. By J. J. Bikerman	135
Chapter 5.	Testing Polymers for Radiation Resistance. By D. J. Metz .	151
Chapter 6.	Thermal and Environmental Effects on Mechanical Prop- erties of Polymers. By D. H. Kaelble	201
Chapter 7.	Methods of Test for Hardness and Wear of Plastics. By J. J. Gouza	225
Chapter 8.	Tests for Surface Appearance of Plastics. By R. S. Hunter and L. Boor	279
Chapter 9.	Testing for the Ozone Resistance of Polymers. By E. Weiss	303
Chapter 10.	Flexural Tests. By H. S. Loveless	321
Chapter 11.	Flammability Tests. By L. B. Allen and L. N. Chellis .	349
Appendix I.	List of Symbols Used for Contributions in This Volume .	379
Appendix II.	Conversion of Measurement Units from English System to Metric System	387
	Errata for Volume 1	389
	Author Index	391
	Subject Index	401
	Cumulative Index	419
